AUGUST 2018

To whom it may concern

This letter serves to confirm that National Burn Association South Africa **078-821-NPO** acknowledges **Innit2Winnit** and gives them approval for collecting cash and other donations, especially for the fundraising event on the 8 September 2018.

We also give permission for our details and profile to be uploaded on their website <http://innit2winnit.yolasite.com> for the purpose of the upcoming event.

National Burn Association exists for two main reasons: firstly to disseminate information about burn and fire safety by way of public education, and secondly, to be a friend to burn survivors in their lifelong healing journey and to facilitate activities that will assist this intention.

We have been in existence since 2008 and respond to anyone's request for safety information sessions at work, schools, communities. We also are available to visit if someone is burned, and to provide emotional support where necessary.

For further information, please do not hesitate to contact us.

Sincerely
Sharon Jones
